

Product Change Notification

Overview: Please be advised that the following is notice of change to the Fire Research IO Master Pressure Display product line.

Products Affected: All IO Master Pressure Display models.

This includes the following FRC current part numbers:

IOA200-A00

IOA210-A00

(And all pre-2005 part number: IO2000)

Change Description: The above models are being discontinued.

Reason For Change: The IO Master Pressure Display was released in 1996 as a state-of-the-art digital pressure display. It has been rendered obsolete by newer technologies.

Replacement Product: FRC will continue to provide service and parts for the IO Master Pressure Displays.

No direct replacements are being offered at this time.

For new installations the FRC INControl governor includes a digital master pressure display. It has two 4-digit LED displays one for pump discharge and one for pump intake pressure.

References: No references are applicable.

Response: No response to this notification is required. Requests for additional information should be directed to an FRC sales representative at 1.800.645.0074.
