

A Safe Fleet Brand

26 Southern Blvd. | Nesconset, NY 11767 | 800 . 827 . 3692 | www.fireresearch.com

June 30, 2015

TO: Safe Fleet Supplier
FROM: Robert England
SUBJECT: NEW TRANSPORTATION ROUTING INSTRUCTIONS

We are pleased to announce our collaborative logistics partnership with M33 Integrated. We have contracted M33 to manage all of our common carrier logistics operations. As an important supplier to Safe Fleet, we look forward to your commitment to this new freight routing program.

M33 Integrated's web-based logistics system provides us distribution visibility and effective load arrangement. The program links all aspects of our supply chain operations, providing visibility and collaborative transportation management among our suppliers, and customers.

If a Truckload shipment with special requirements is needed, please contact our traffic department two days prior to ship date.

Effective on all freight shipments (LTL and TL) scheduled for July 8, 2015 and forward, please contact Safe Fleet Traffic Department's toll free phone line or email:

866-369-0800
SafeFleet_Traffic@m33integrated.com

Upon contact:

1. Shipment details will be entered into our TMS web system
2. Carrier selection will be made
3. Proper arrangement will be scheduled to your location for pickup
4. A Safe Fleet BOL will be faxed/emailed to your shipping office to provide the carrier, ensure proper routing and billing instructions. If you choose not to use our BOL, it is imperative that you complete the BOL Collect "bill to" section to read:

Safe Fleet c/o M33 Integrated
PO Box 26277
Greensboro, NC 27402

We anticipate and appreciate your cooperation with this new program. Failure to follow the above instructions may result in a charge-back of excess freight costs.
