INSTALLATION INSTRUCTIONS

Refer to the General Lighting manual or lamphead specific sheets for safety and maintenance.

Install Pedestal Mount Models 570, 580

When positioning a pedestal mount light, ensure that the lamphead will clear all obstructions.

1. Place the light in position to check for fit and freedom of operation.
2. Mark the footprint of the mounting flange/brackets.
3. Drill mounting holes.
4. Ensure that approved strain relief for the wiring is installed.
5. Secure the mounting flange/bracket. Use 5/16-18 or 1/4-20 SS hardware. Install a backing plate, if necessary, for a sturdy mounting.

Wiring

12/24V DC
Connect the BLACK wire to GROUND.
Connect the RED (or WHITE) wire to POWER.
